'SGT. ALVA YORK'

Hollywood's War Propaganda

"The End Justifies the Means", Sophistry

Monday last week, in the afternoon, I had taken the car to be greased and having finished my errands down town, but unable to drive to do my other work, I was wondering what to do for the next hour or so. Walking on Third Ave. toward Broadway, there I saw coming toward me a stately young woman with whom I had been recently discussing many of the problems facing our world today.

"Halloh, there young lady", said I with my peculiar accent. "What are you doing this time of the day?" — "My boss is out of town, so there is nothing for me to do at the office, I am going to the Spreckles to see Sergeant York. A friend told me not to miss it."

I have no use for the Jewish war propaganda and had not been in a theatre since the war started, but there was the car at the service station and nothing else I had in my mind to do, so in a spirit of banter I said: "Would you take me with you?" — "Sure, come along. It's quite a while since I took a young man to a show". — "That's the fashion now. Did you not see that front page picture in the SATURDAY EVENING POST where the girl slipped the boy a five spot to pay for the meal?"

And so she bought two 40 cent tickets and the girl in the booth gave us a funny look, perhaps she knew both of us, so I chuckled, as we walked through the lobby: "'Its quite a while since I went to a show to neck." — "You needn't worry about necking, you'll sit quite sedately beside me; you are safe and I am safe." So we took a seat in the balcony.

A drunken Tennessee mountaineer cuts up, gets into brawls and "shoots up" the Sunday service in the little village church, but the young man is an excellent sharpshooter, even drunk, for he shoots his initials into a tree in front of the church. There is a good streak in these shanty mountaineers. It shows in the mother, sister and brother of Alva York. The minister is also the postmaster and shopkeeper and he promises mother York that the Lord will in His due time save Alva and let him see the better way of life.

Alva meets Gracie Williams and decides to marry her, to do so he figures to acquire some rich soil bottom land. He starts by trading his mule and other stuff, buys an option of Nate Tomkins with the gamble of paying the rest of the sales price within 60 days. Working very hard at odd jobs he has almost all of the remaining $70 at the deadline, but demands three more days extension. Tomkins grants it, merely to double cross him and sells the land to Alva's rival for the hand of Gracie, Zeb Andrews, just when Alva won more than enough in prices at a turkey and beef sharpshooting contest. He is being restrained from beating up the double crossers, but reverts back to his drunken ways.

On the road to get even with his enemies, a rainstorm overtakes him and his mule, lightning strikes, melts the barrel of his gun and Alva arrives dazed in front of the church where services are being held. He enters and "gets religion". In the "Book" he reads that it is "against the Book" to kill, so he walks over to his double crossers and makes friends with them, arranging a deal to work out possession of that bottom land so he could get married. In the meantime world war No. 1, breaks out. Conscription is stretching its hand to grab the young men. Alva refuses to register, but is persuaded by the minister-shopkeeper to do so in the belief that as a conscientious objector he would be exempted. The draft board and the appeal boards deny the exemption on the ground that the church Alva joined is not opposed to war-service. He enters the army, proves himself a sharpshooter, is promoted to shooting instructor, but refuses to become a corporal because of his objection to killing. Captain Danforth and Major Buxton talk "Bible" to him, doing a perfcet job of quoting scripture to pervert the meaning of Christ's teachings and the Ten Commandments, finally winding up by giving York a ten-day furlough to read a book about Daniel Boone and other American pioneers, who shot plenty of people to "make America". On his mountain ridge at home, York misinterprets the meaning of "give Caesar what is Ceasar's" in favor of breaking the Commandment "Thou shalt not kill", not realizing that "he who draws the sword shall perish by it" is the last word of Christ before giving Himself up rather than commit murder, even in self-defense.

In France York pulls off his much advertised stunt of capturing, almost single handedly 132 German soldiers, silencing a machine gun nest and entrenched German soldiers by picking them off as he picked off a flock of wild turkeys in his mountains, one by one.

He is a hero, gets kissed by the French ranking officer who decorates him. Receives all the other decorations, including the Congressional medal for extra ordinary bravery, and is brought to New York in triumph where he is being exploited by his home politicians. Tennessee gives him a completely equipped farm in the very bottom land he had been cheated out of by Tomkins.

In explanation why he shot over 25 Germans, even though the "Book" forbids killing, York states that he did it to save the lives of his comrades. This sophistry is quite impressive, it so impresses his superior officers and makes very good war propaganda to "soften" up the minds of mediocre people into twisting the Christian religion as endorsing the doctrine of "the ends justify the means", since it left out of consideration that the A.E.F. was not sent in defense of American lives, this country not having been invaded.

One cannot expect that the Jewish Hollywood war propaganda would leave Christ alone. They murdered Him in Jerusalem, at least they imagined they had murdered Him; and they are murdering His teachings again and again to soften American minds for the crimes of war against which 83% are registering their protest, again and again.

The York episode is a clear example that as long as men are shooting turkeys in violation of the "Book", thou shalt not kill, but, Genesis, 1, 29: "And God said, Behold, I have given you every herb yielding seed . . . and every tree, in which is the fruit of a tree yielding seed; to you it shall be for food", they will war.

Once one starts killing and "softens" one conscience by sophistries, then the first step on the road to hell is taken. The Jews have always insisted on "exemptions" from the Law, they placed themselves above and outside the general rule by nomination to the special privilege of a "chosen people". They pervert their own original religion and now continue to pervert the religion of Christ. They drive nations to war on each other for "revenge against Hitler" when York himself went and shook hands with his rival Zeb Andrews and the double crossing Tomkins, demonstrating the true religion of Christ, which makes friends out of enemies, by fair dealing and conciliation.

To the extent that the Jews want war, drive nations to slaughter each other for the profit there is for the House of Rothschild, Lehman Bros. and all their Zionist and Gentile allies, to that extent they force upon themselves the reaction of the unfailing LAW which with sudden grip throws the Jews into the inferno created by themselves exploding in POGROMS.

And that is what this world war is going to wind up in, as truly as Jesus warned them that not a stone upon another would be left of the Temple of Jerusalem. To save the Temple he drove the criminals out of it, but they returned, now they have nobody but themselves to blame.

America is the Temple of Liberty and what are the Jews making of it?

Is 'The Broom' Under 'Foreign Control'

DEPARTMENT OF JUSTICE
WASHINGTON, D. C.
October 6, 1941.

"The Broom"
San Diego, California.

Dear Sirs:

There is enclosed a copy of the Voorhis Act (54 Stat. 1201, 18 U. S. C. § 14-17) approved by Congress on October 17, 1940 and a copy of the rules and regulations of the Attorney General governing it. Your particular attention is called to Section 2 (a) of the Act which describes the organizations which are required to register.

The administration of this Act has been assigned by the Attorney General to the Special Defense Unit of the Department of Justice.

If the activities of your organization come within the terms of the Act and the rules and regulations isued thereunder, the filing of a registration statement subscribed under oath by all of the officers of your organization is mandatory and you should apply for a registration form and complete and file the same immediately.

Upon receipt of this letter will you please advise the Department whether or not your organization falls within any of the types described in Section 2 (a) of the enclosed Act.

Yours very truly,
LAWRENCE M. C. SMITH, Chief,
Special Defense Unit:
By R. KEITH KANE,
Assistant Chief.

Ashke-Nazis Controlled by Moscow

The Attorney General,
Attention, Mr. R. Keith Kane
Washington, D. C.

Dear Sir:

Your mimeographed letter of Oct. 6, re: registration of organizations (and individuals?) engaged in political and civilian military activities under foreign control, received.

I was wondering to whom I was indebted for the honor of signing the receipt for this registered letter, of course, as "incriminating" evidence to be used against me, if your office wishes to "prosecute".

If you will look up your files, I believe, that I owe this pleasure to the Hon. Senator Kenneth Douglas McKellar, having written him a letter in which I took him to task for saying that the Neutrality Act should be repealed because the government was "paying virtually no attention to it". My reply to the Senator was that in that case it was his duty and that of every sworn member of congress to impeach those in the present administration who are paying no attention to the law.

Is it not remarkable, Sir, that no sooner does a citizen protest that those in high office who betray their oath of office be impeached, that immediately YOUR OFFICE is called upon to hound them and intimidate the citizen for insisting on lawful and constitutional conduct of the affairs of government?!!!— And the shame of it is, you fall for such witch hunting, every time.

If it is the "duty" of your office to transform these U. S. A. into a Nazi or a Stalin concentration camp, naturally, we Americans who take our oath of allegiance to the Constitution seriously, have better wake up to the true state of affairs that we may take the necessary steps to protect our American institution of free press and free speech against encroachment by your OGPU and Gestapo agents.

So far, you have merely sent me a form letter. But I am surprised at the dirty insinuation when you have such a large contingent of FBI agents available who could furnish you this information without this gesture of intimidating the press. Have you not the very instructor, professor and life long trainer of the FBI, in person, the Hon. Harry Nathan (the wise) in San Diego, who is watching every move of mine? Of course, he, too, pulled a boner but got sat on, for, after all, if we are to fight Hitler to introduce the FOUR Freedoms, everywhere in the world, we might as well start fighting every office holder who breaks his oath of allegiance to our American constitution, and keep our Bill of Rights alive, so that we may have something to give the other peoples, everywhere in the world.

In reading Sec. 2 (a) of the foreign agent act, I must confess that THE BROOM is not published by an "organization" under the definitions of the act, since I am an individual, solely doing all the work, except the actual composition and running off the press of the paper, that is handled as a job work. My printer is Roy O. Akers, East San Diego, and you may ask him whether he is under "foreign control". You'll get a mouthful from him, too.

As to "political activity" to overthrow by force the Government of the United States, I am what is known as a Mazdaznan, or Sun-Worshipper. We hold that Jesus Christ came from on High to give us Light and Life so that those who follow His Commandments need not resort to violence and bloodshed to produce Peace and Safety of person, life and human rights, everywhere in the world, and that only Satan, and his angels, resorts to murder in the name of "patriotism" in order to better fasten his criminal fangs into the souls of the poor morones. We call Satan "Angro-Mainius", or Ahriman. The real war is the spiritual war between "Lucifer" and his angels and God, the Father, who through the Lord Christ has established the divine government according to which the stars follow their path, in spite of Satan, and humanity finds Liberation from the dark magic of ignorance, fear and violence.

Now, Sen. McKellar, as well as Windy Willkie and President Roosevelt seem to regard their oath of office, mere "oratory" in order to grab the power and the pelf. But I am not of their ilk. My allegiance to God on which my allegiance to the U. S. is predicated through my oath, is a very serious, momentous and sacred affair to me. Not only do I personally do my utmost to live up to it, but I am also completely fearless in calling to account all those who betray their contract with the U. S. A.

Perhaps God, Christ and adherence to an oath taken in their name IS FOREIGN to his administration. In that case please forward the registration form, as prescribed by the statute covering the subject so that I may fill it out and have it notarized. When I have to choose between public officials who betray their oath and my allegiance to the U. S., SUBJECT to MY oath, I can assure you I shall stand by my oath if I have to battle singlehanded your whole witch hunting Gestapo outfit, and LICK the whole shebang of you, because I have chosen Christ as my leader and not an oath breaking politician. You cannot destroy America as long as Americans are willing to give their lives to live up to their oath at the peril of their lives.

Now there are NAZIS in San Diego who are engaged in subversive activities. They are mostly Communists, the Ashke-NAZIS. Watch and investigate them and make them register.

Yours for a Bill of Rights and a FREE America, where men have Honor and women stand by their menfolks against the menace of faithless public officials who destroy America from within.

Sincerely, yours
C. LEON de ARYAN.

W. V. O'FARRELL

William Vance O'Farrell, 65, circulation manager of the Union and Tribune-Sun, died in his home, 2403 F street, Thursday night, after an illness of less than two months, of heart failure.

O'Farrell has written his own epitaph into the hearts of many a man and woman, who are prospering today in San Diego, while they started in their business life delivering papers or working in the office under his direction. O'Farrell was a man, a human being, a warm hearted Irishman and you knew it when you met him, on business or casually. The feeling which the boys and girls carry for him, who learned to earn an honest dollar, is a substantial part of the very thing which made the Union-Tribune the leading papers of San Diego.

The boys who deliver the papers and collect the subscriptions are the goodwill apostles for the paper. They are the contact between the subscribers and the management. O'Farrell inspired them with the proper attitude towards their job, towards one another, towards their customers and their employers. His wife, Mrs. Mabel E. O'Farrell shared this warmhearted human trait. It led her to school teaching where she wound up as principal of the very school in Logan Heights where her husband got his first education. His passing will be felt by those who knew him; the city lost an unassuming, but important citizen; the papers lost a man who loved his employees and all of us lost a good friend, and true.

Dictatorship in Washington

WASHINGTON,—The high pressure secrecy of this government has apparently reached the stage of concealing facts from itself.

When the doors were closed and locked in the senate foreign relations committee the other day, Secretary of State Hull, the active conductor of the American foreign policy, was asked if he knew what had taken place at the historic meeting of Mr. Roosevelt and Mr. Churchill on the high seas.

His frank reply was: "I knew nothing more than I read in the newspapers."

Concealment has been developed to such a degree in the navy department that general officers have received no more information than you had about the facts of the torpedoing of the destroyed Kearny a week after it happened.

—Paul Mallon.

U. S. Destroyer Dropped Bombs on Submarine First

Kearny Battle Details Revealed

WASHINGTON,— The U. S. destroyer Kearny, it was disclosed, was torpedoed in the course of a great all-night battle between escort warships and a Nazi U-boat wolf pack that attacked a convoy of merchantmen in the bleak waters southwest of Iceland on the night of Oct. 16.

Before she was hit the Kearny succeeded in dropping a series of depth bombs aimed at one submarine but if there was any evidence that the sub was hit it remained locked in the secret archives of the navy department under a new policy announced by Secy. Knox.

This Saving War

We are being pushed and shoved into this war on the theory that something has got to be Saved.

It would be interesting to be officially informed as to just what is to be Saved by going to war.

Are we going in to save Democracy? Or is it to save England? Or are we going to give and die to save Big Joe Stalin and his international human slaughterhouse? Or are we to save China? Or the New Deal?

It can't be possible that it is to save America? And if so, let's get it straight. What is it we want to save in America?

Is it freedom, independence, liberty, the Bill of Rights, the Constitution, and official respect for it.

If that is the proposition, no one need worry about the outcome.—Carlsbad (Calif.) Journal.

THE SOLDIERS

And they laughed and they cried,
And they lived and they died,
But they went on their way,
Having nothing to say,
If they liked it or not,
To be poisoned or shot.

For a man who has fear
And holds nothing so dear
As his own little self,
Is soon put on the shelf.

To hold on to life tight
Means sure losing your hide.
—Otto Schkoelziger.

He fondled the big check he had just received, representing the commission on a deal he had closed. " At last, my dear! Now that we have money, I want you to go downtown tomorrow and buy yourself some decent clothes."

"I shall do nothing of the sort," his wife replied, "I'll get the same kind of clothes all the women are wearing."

THEY VANT VAR

Dear Mr. de Aryan:

A representative of a large Gentile Concern was in to see me today. I told him of the troubles we were having in getting supplies for our line of work. He said that he had been to Washington for his Company and could see no one except Jews. As soon as he told them whom he represented, he said they told him they were not interested in getting ANY supplies to civilians. Said their only concern was to put Hitler on the rocks and they would do it even if every American had to go back to work with as few implements and improvements as were in use here when they came over to settle away from "Mother England" centuries ago!

He said they told him it would do Americans good to have to wash their clothes by the side of rivers and to travel in ox carts and to live in huts and cabins and burn rubbish to keep warm!

A Jew, holding an important government office told me recently that this country would keep fighting Hitler and all he represented until the entire world was exhausted, if necessary, even if all the Americans had to starve to death.

OUR GROUNDHOG WORLD

By GEO. CARTWRIGHT

Editor's Confession

In Fact weekly quotes from an address by John Swinton, before NY Press Ass'n years ago; "There is no such thing in America as an independent press, unless it is in the country towns. You know it and I know it.

There is not one of you who dares express an honest opinion. If you express an honest opinion you know beforehand it would never appear in print.

I am paid $150 per week for keeping my honest opinions out of the paper I am connected with. Others of you are paid similar salaries for doing similar things. If I should permit honest opinions to be printed in one issue of my paper, like Othello, before 24 hours, my occupation would be gone.

The business of the NY jorunalist is to destroy the truth, to lie outright, to pervert, to villify, to fawn at the feet of Mammon, and to sell his race and his country for his daily bread.

We are the tools and the vassels of rich men behind the scenes.

We are intellectual prostitutes."

Says Lonergan in "Labor", "Harry M. Daugherty who helped write one of the most disgraceful chapters in the political history of America, died the other day . . . "

"It must not be forgotten that 90 per cent of newspapers stood by Daugherty to the bitter end."

Internationl Law

"Never in all history has international law recognized the right of a neutral to send contraband of war, such as our Lend-Lease materials, to a belligerent. Never in all history has international law recognized the right of a neutral to protect the vessels of a belligerent. Never in all history has international law recognized the right of a neutral to define "defensive" waters and to shoot on sight any belligerent ship.

—LaFollette's Progressive.

Why War ?

The institution of war is primarily useful for effecting changes in titles to real estate. One party attempts to extend his sovereignity over somebody else's territory, and then somebody else tries to stop him. I cannot remember in all history a war which settled any moral issue. It isn't that kind of a device. The only real reason for the United States joining in this war is to prevent real estate transfers in the Old World, on the assumption that the new owners would be more of a menace to our territory than the old owners.—Stuart Chase.

Regimenting American Labor

Neither the AFL nor the CIO represent American "L a b o r", these organizations exploit American Labor. And so does the Federal Government under the New Deal Plan. The scheme is to destroy the indvidual. The AFL and CIO rackets do it and the New Deal has been supporting that phase of it, adding its own "stab in the back" for good measure.

American Labor is different from European Labor in that the American drives to his job in a car, some of them better than you and I can afford. Henry Ford made American Labor independent by giving it individual transportation aside from high wages. To demoralize the backbone of American life, Labor has to be deprived of individual transportation, and that was planned in the Federal Housing Projects. 4500 units have been built in San Diego, but no garages for the men's cars. 1500 more units to be built, but no garages.

Car ownership is discouraged by the New Deal planners, it makes the man independent; he can drive away from a job he does not like. Without a car he must depend upon being picked up by bus, or loaded into a truck and transported where he is "wanted" by his "betters". With a car he feels as good as his "betters". One will notice that with the planned curtailment of automanufacture the workingman is to be deprived of individual transportation and is to be regimented, as wanted, reducing America back to the level before Henry Ford put the nation on wheels and started the great era of prosperity and high individual livings standards.

Britain Not 'In the War'

WASHINGTON, — Opposing revision of the neutrality law, Sen. LaFollette (Prog-Wis) told the senate that the statute had "accomplished the purpose for which it was intended—the purpose of keeping the United States out of war."

In fact, he asserted, if it had not been for evasions of that act "countenanced" by the administration, the loss of American lives and property "would have been even less" than it has been to date.

Attack Invited

Sen. Nye (R-ND), said that arming merchant ships would invite attack upon them and constitute a "deliberate jeopardizing" of American lives.

"Such jeopardizing of American lives with its inevitable loss of American life is the final key to the war," he said.

Quip Raps Britain

Nye quoted an unnamed correspondent in the middle west as having quipped that if the pending legislation is approved, "the United States will be in the war before Great Britain is." He added that Great Britain "hasn't begun to be involved in this war as some others have known it."

To justify this statement he read from a summary of casualties during the first two years of the war, based, he said, on figures furnished by the governments involved.

Military casualties ranged, he said from 2,585,000 for Russia and 2,365,000 for France, down to 134,000 for Great Britain. England, he said has had 100,000 civilian casualties as compared with 250,000 for Poland and 230,000 for Russia.

Britain Less Involved.

"Great Britain," he shouted "has'nt yet been involved in this war in any such degree as have endless numbers of people who have given their all."

He was a particularly raw recruit, and the drill sergeant was getting very much fed up. At last he lost his patience.

"Didn't you hear 'About turn'?" he bellowed.

"No," answered the recruit, "wot about 'im?"

Protocols of the Elders of Zion

The fact that President Roosevelt insists on carrying on naval warfare against Germany without a declaration of war by the Congress, proves that Roosevelt is executing his part in the conspiracy recorded in the Protocols of the Elders of Zion to ruin the republic and impose the tyranny of Zion upon all Goyim, or Gentiles. No other proof is needed.

There are more Jews swarming to the U. S. A. today than to any other country on the face of the earth. Still, these locusts are outnumbered, ten to one, as far as Gentiles are concerned. Jesus warned them not to make war on Rome, or else they would be dispersed and their temple would be leveled, but the foolhardy Jews had Him murdered and went on with their plan. His prophecy came true and He rather gave His own life than betray His mission of Peace and Goodwill, for the profits of the murderous Zionists.

Again and again history repeats itself. The Jews have captured the government of the U. S. A. and are driving us to war, leading the 130 millions Americans to slaughter against our will. The result is going to be another DISPERSION. The American people still are hoping that the fool Jews will wake up and learn from history, but they are murderers as Jesus described them in John 8, 44.

The aftermath of Roosevelt's war is going to be a revolt of Americans against Jews that will dwarf anything yet recorded in history and they will be driven out of America as they were driven out of Palestine. The sufferings they are inflicting upon our people and the starving people of Europe, the slaughter they caused of Goyim by arming Hitler and egging him to war, to start the mass murder going, is going to have its reverberations **everywhere in the world,** because even though they were warned by their own prophets, by Jesus Himself, & again & again they are being warned now, once more, the devilish, unbridled leaders of Judah, refuse to even heal the wounds they inflicted upon a starving France, Belgium and Yugo-Slavia, but decree that they must starve.

What these criminal leaders of Judah are sowing with the consent and aid of Jews the world over, the Jews are going to reap, and where do they hope to find refuge when they are making enemies of the whole world?

Roosevelt's "Secret Map" and Documents

In his navy day speech President Roosevelt said that he has in his possession a "secret map" of the world drawn by Hitler, showing how the world is to be partitioned, especially how South America is to be turned into five "vassal states". He also announced that he has documents in his possesion to prove that Hitler proposes to abolish all religions, supplant the cross with the swastika and the naked sword, and substitute "Mein Kampf" for the Bible. On the basis of these "documents" Roosevelt proposes that the United States wage war on Hitler.

Now every intelligent American who keeps abrest of what is happening must have seen a copy of the "secret Protocols of the Elders of Zion" which is as valuable a "document" upon which to start cleaning up on the Jews as is President Roosevelt's secret map and other documents, "proof" enough that we ought to enter the shooting war to protect the British and Rothschild empires, with their UNION NOW world citizenship. In fact, intelligent Americans have come, during the last two years, into possession of as good documents as President Roosevelt has, showing his Jewish lineage and ancestry, which explains why he is fighting for Rothschild against the best interests of the people of America.

LISTEN MISTER PRESIDENT

I heard an old man sing a song
A week ago last night,
To other folks and to myself
It really brought delight.

The song I heard the old man sing
I memorized it too,
And just to pass a thought along
I'll sing his song to you:

Chorus.
Listen, Mister President,
Don't send our boys away,
Live up to what you told us all
Before election day;
To send our boys across the sea
I don't think would be right,
Let's really start preparing here
And when they come we'll fight.

It's all right, Mister President,
To send them grain and meat
But don't forget our people here
They also have to eat.

I think it's best to do the way
The big percentage say.
Listen, Mister President,
Don't send our boys away.

GEORGE MOSER.

As soon as "secret" documents are enough cause to get us into war with Hitler, "secret" documents of the proceedings of "Elders of Zion", as recorded in the protocols, are just as authentic proof of the Jewish conspiracy to enslave us; and President Roosevelt proves it.

When the foreign and domestic policy is to be patterned after the "secret documents" so mysteriously drawn to light, regardless of common sense and practice, then, we need no further proof that the days of the Inquisition are back upon us, "civilized" Americans, if you please.

Love Your Enemies

(Over KGB Wednesday 8:45 pm. Oct. 29)

And this is demonstrated in a masterly fashion in the picture: Sgt. Alva York, which a lady friend of mine took me to see at the Sprecklels, last Monday afternoon. Of course, the intention of the picture is war propaganda, and is very cleverly done, but nevertheless, to those who have eyes to see and ears to hear with, the glorious scene stands out plainly, as follows:

Alva York was a drunken, good for nothing rowdy in the mountains of Tennessee, till he met Gracie Williams with whom he fell in love. In order to marry her he decided to buy some rich bottom land, an ambition which Alva's father could never fulfill, though he had tried hard. So York sells his mule and other stuff to Nate Tomkins for a six day option on a piece of bottom land, but fails to get the other $70 together when the sixty days are over. He gets an entension of three days and wins enough money at the Turkey shooting, being a first class sharpshooter, but his rival for the hand of Gracie, young Zeb Andrews, persuades Tompkins to sell him the bottom land, for spite, and Tomkins double crosses York. He is barely restrained from taking revenge then and there, but shortly thereafter sets out to go after his double crossers, gun in hand. A storm catches him on the way, lightning strikes, melts his gun, but he and the mule survive and arrive at the village church while services are in full swing. Alva is so dazed from the lightning stroke and the miracle of his survival, he joins the church and gets religion. And now comes the climax. Next day he surprises his two enemies by searching them out and announcing that he got religion and the good book says to love one's enemies. They are so glad and astonished, the three become good friends.

What a difference from the demands of those who want this country to get into a shooting scrap to get even with Hitler! To follow the same Christian philosophy which is so successfully depicted in Sgt. Alva York's conduct towards his enemies and the rival who did him dirt, former Pre. Hoover's request that we feed the starving European people who want to buy food from us should be granted. The socalled isolationists in congress are insisting that the President do all in his power to mediate peace in Europe. That would be in accordance with Christian teachings.

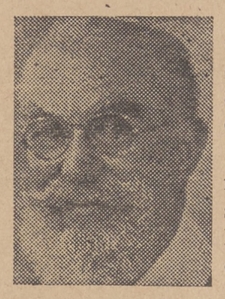
HEALTH-GERMS

By George Starr White, M. D.

NERVOUS INDIGESTION & STOMAC ULCERS

"Nervous indigestion" is a common complaint these days of rapid living and sudden death.



Dr. Geo. Starr White

When the mind is under severe nervous strain, the stomac does not act naturally—the engine is occupied with other work.

When U have an extra amount of nerve-energy-consuming work to do, eat very little, and drink plenty of distilled water.

Remember that milk is a solid food (or solid weight) in the stomac. One of the worst foods for a nervous stomac is cow's milk.

When very nervous, take deep breaths of fresh air and let the stomac **rest.**

Nervous indigestion will cause ulcer of the stomac when one least expects it. The brain is pre-occupied; and the stomac-acid eats into the stomac wall, and ulcers or perforation are the results.

Many cases of burning in the stomac, are called "ulcers". Ulcer of the stomac or duodenum, is a serious condition.

If an ulcer has not been active for more than a year or two, diet and powerful radiant energy, correctly applied, will usually correct the condition.

Never neglect "burning in the stomac", as it means inflammation. And inflammation may lead to ulceration.

Don't let your nerves run away with U. Don't eat when nervous!

U. S. Outlawed War

Editor, The Broom:—

Under various deceptive pretexts, it daily becomes increasingly evident that the declared and well-known wishes of the vast majority of American Citizens are being minimized and flouted by a small minority, representing powerful interests who are anxious to involve this country in war.

To any and all true Americans earnestly desiring the welfare of their fellow-country-men and the continuation of Constitutional Government, it must be a source of amazement and grave misgivings that the large, City Newspapers, numerous Periodicals and Radio Broadcasts are silent upon the real causes and purposes of the European conflict, which without any question is between those striving for perpetuation of the Gold Standard and Bankers Elastic Currency with its interest-tribute racket and their opponents who seek to destroy these evils by the introduction of Government-constitutional, unhoardable money in their respective countries. Nor is any worthwhile reference ever made in the subsidized Press or controlled Radio stations, regarding the all-important and grandest piece of Legislation ever enacted in the World's History, viz: The Kellogg Pact or Treaty of Paris. During my desert and forest perigrinations of past few years, has any legislation been passed in my absence from civilization, which legally and specifically repealed in whole or in part, the provisions of this ignored or repudiated by Congressmen and high officials, apparently possessed of little sense of honor or loyalty to the important duties they have been elected to faithfully carry out? The Secret Treaties of 1914 and the British Secret Service Report of 1919, expose and explain in part the unscrupulous dealings resorted to by lying diplomats and politicians for the attainment of wicked purposes, viz the ensnaring of vast populations into interest bondage and taxation slavery to the International Money Kings, who contrary to popular belief, own most of the Gold stored in the Kentucky hole and in defiance of the laws of God and man create and control the greater part of the world's money and wealth.

At this writing my main purpose and contention is that as law-abiding citizens we should constantly bear in mind that on August 27, 1928, (without riders) from a strictly legal standpoint, War was "Forever Renounced" and outlawed . . Therefore, even under coercion, it is decidedly illogical and inconsistant for true Americans to become outlaws by conducting, aiding or abetting Warfare by preparedness to engage in that which is illegal. The Constitution of U. S. A. has itself been amended and qualified by this new and accepted international Law which the treaty has itself created. By this same irrefutable logic Pacifists by their unswerving obedience to the Constitution are now the real Patriots, whilst Militarists and their ilk, by their failure to respect and obey the supreme Law of their land are the disloyal and subversive elements of society. All the so-called Laws of War, including the Sovereign right to go to War have been forever abolished.

Furthermore, and of still greater importance, the irrevocable Divine Command of all ages, "Thou shalt not kill" admits of no exceptions whatever and is binding upon ALL. The human Family is ONE so that we are all God's children and whether we admit it or not, we are subject to His immutable, impartial, beneficient Laws. However, if as a Nation we have definitely decided to reject and deny our Divine pedigree and instead make idols of Bombing-planes and Battleships, placnig our trust in them instead of in God and the fruits of the spirit of Christ, then let us quit kidding ourselves and cease being hypocrites by immediately removing from our coins the utterly false assertion that "In God We Trust". Theodore Roosevelt once remarked "Trust in God but keep your powder dry". My friends, genuine trust under such conditions is quite impossible. Mahatma Gandhi is today the world's greatest Statesman. He and his followers know that those who look for trouble invariably find it, whilst they are proving that the power of moral suasion is not only less costly but is invincible and always more effective than any resort to violence. "Choose ye this day whom ye will serve" for "No Man can serve two Masters, ye cannot serve God and Mammon".

America in Danger

By Chas. B. Hudson

OMAHA, Nebr.,—As might be expected, DAILY WORKER gloats over "CONGRESS APPROVES PROPERTY SEIZURE BILL—Measure Enables President to Act Against Firms Blocking Defense . . . "

Same DAILY WORKER reports **"The Veterans of Foreign Wars** called upon the AMERICA FIRST COM. to repudiate publicly the 'un-American expressions' of **Chas. A. Lindbergh** in a recent speech at Des Moines, Ia. . . " With Omaha's **American Legion** Post No. 1, largest in world, sponsoring Red Russia Jew **Benj. Gitlow** as one of its speakers this winter, and with its domination of Dist. Convention that resolved **Lindbergh** to be "un-American", no doubt it too has earned dishonorable mention in Communist press. However, Reds hardly need to pay 5c for DAILY WORKER when our 3c WORLD-HERALD not only features such well-known Communist writers as **Anna Louise Strong,** but also displays on windshields of its cars the familiar "fat" Communist 5-pointed star.

Also as might be expected, the Communist press has been carrying instances of pressure being exerted to bring about **REPEAL of the Neutrality Act,** such repeal being about the final link in the slavery-chain being welded upon the American people as demanded by FDR. The truth is that for at least a month, the Federal docks in Brooklyn have been working 24 hrs. a day **arming merchantmen** without authority from Congress. The main excuse for repeal of Neutrality Act is to enable FDR to arm merchantmen, but like in so many prior instances, **FDR is really asking Congress to legalize his illegal warmongering actions.**

Illustrating the insincerity of certain "isolationist" Congressmen, **Sen LaFollette** and **Sen.** Wheeler were both tipped off to the above, urging that the proper Senate Com. investigate, but as far as I can learn from reading the CONGR. RECORDS, nothing was done. **Sen. Wheeler,** with his 2 male and 7 female Jews on his staff, proves to be the same kind of "opposition leader" that I prophecied **Willkie** would be. When filibustering such un-Constitutional legislation as the Lend-Lease and Draft Extension Bills would have helped patriots to make their views known to Congressmen, **Wheeler** announced he would not be a party to that tactic.

The Devil's Own Punishment

Dear de Aryan:

I hate to disagree with anything you write, but there are times I simply MUST.

Just read in your October 20 issue the article "Roosevelt Clan Hellbent".

You certainly don't credit His Satanic Majesty with having any brains or judgment whatsoever.

Don't you think the Devil has sense enough to guard against the disruption of his place of business, and judgment enough to keep out those who would disrupt it?

Imagine Hell with Roosevelt and his tribe there? In the face of such a threat, is it difficult to imagine Satan on his knees imploring divine protection?

No doubt the Devil expects SERVICE from his coal shovelers. Would he get it with Roosevelt around—I ask you? Wouldn't Roosy organize a WPA, and from there on, wouldn't the lost souls on the shovel brigade spend their time leaning on their shovels while the fires go out?

And from the looks of things, those lost souls are going to include all of us shortly. .

And wouldn't Roosy set up a new deal and corrupt and bribe with soft jobs and big pay, all the department heads and thus get them to turn TRAITOR to Satan.

As I understand it, Satan demands allegiance to HIMSELF, and it wouldn't be six months before Roosy had 'em all singing "God Save The King" and "There-'ll Always Be An England", etc.

Don't you think the Big Boy with the horns and cloven hoofs has sense enough to realize that with Roosy around, it woudn't be a year until the place would be in the hands of a Receiver or in the Bankruptcy courts?

Give the Devil credit for having at least a small modicum of horsesense and good judgment.

For the ultimate and deserved fate of the Roosevelt clan, I refer you to Rudyard Kipling's poem "Tomlinson". I think Kipling must have looked into the future and gotten a preview of Roosevelt when he wrote that poem. Give the Devil his due.

Sincerely,
G. J. KNAPP.
323 E. Costilla, Colorado, Springs.

Editor's Note:—Mr. Knapp is attempting to create a special privilege for "the Devil and his angels", using Christ's terminology, St. Matthew, 25, 41. But Jesus says definitely where those who starve the European civilian populations to please the British and the Jews, must go. For being a devil, Satan's punishment will be meted out to him and he cannot choose his company.

Penny Snatching Hypocrites

To The Honorable,
The Mayor and City Council,
San Diego, California.

Gentlemen:

I notice that you passed a city ordinance and made a deal with a private corporation, installing a system of extortion by capitalizing the unscientific traffic snarl in down town districts to snatch pennies and nickels from the motoring public. All this under the hypocritical pretext that you are facilitating quick turnover of parking space in the down town district.

But you are giving yourself the lie, as all capitalization of unscientific conditions in order to further rob the gullible public, in time must reveal.

On the north side of Ninth avenue, facing the main Telephone Exchange building at C street there used to be a 15 minute parking zone as there still exists on the C street side facing the Telephone building. That zone was established, as are the zones around the Post Office building and in front of the Electric building, to facilitate the parking of cars for a few minutes while the owners dash into the building to pay bills or attend to errands involving only a few minutes time.

But now you have installed parking meters on the ninth street side and discontinued the 15 minutes parking limit. How can you claim that your penny snatching devices increase the turnover of parking space?

Previously a customer of the Telephone Co. drove up, left the car in the 15 minute zone and almost never left it there more than 5 to 10 minutes and then drove off. Now anyone who wants to pay a nickel can leave his car there for a full hour. Previously 6 customers could use that space within an hour, now one person can monopolize it for the whole hour.

You ought to be ashamed of yourself!

Yours truly,
C. LEON de ARYAN.

CONGRESS OF THE UNITED STATES
House of Representatives
WASHINGTON, D. C.

Mr. C. Leon de Aryan
P. O. Box 349
East San Diego, California.

Dear Sir:

I note that you are editor and owner of "The Broom" progressive weekly. I do not know what kind of a paper this is or what your circulation is, but that makes no difference to me. It seems to me that you are in sympathy with the statements that I made on the floor of the House relative to my positino in being against this country entering any Europen wars and condemning the President for the occupation of Iceland and the things that he is doing to get us into war, notwithstanding the fact that he promised the American people time and time again that he would keep us out of war. Sometimes I almost feel that he wanted to get us into this war to cover up the terrible squandering and spending of this Administration during the past eight years. That would be one way of forgetting the past.

Now let me say to you that I am no lawyer. I am a businessman and I know something about business and have brains and sense enough to know that for me to introduce a resolution to impeach the President would be about as foolhardy a thing as I could do because I do not know the legal technicalities. Furthermore, I know that the Congress is a rubber stamp and would support the President in anything he does, regardless of what it might be. Certainly you have no more chance to impeach the President than a snowball in the hot place would have of cooling the tongues of all that might happen to be there for a generation. Sometimes it is a good thing for people to have brains enough to keep themselves from getting into difficulty, and that is what I am trying to do.

The only reason I write you is to try to drive that particular point home to you. On the other hand, you must realize from past history that very few people have been impeached and it is a difficult thing to do. Now the thing for you to do, and all other Americans who want to keep this country out of war, is to give us a new Congress that will not vote for everything the President and Mr. Willkie want the American people to do in order to aid and assist godless Russia and other countries who do not seem to be doing all they can to help themselves but instead are expecting America to furnish all the ships, guns, ammunition, and have our taxpayers pay the bills— and even go so far as to send our army over there. I am against it. The American people will see their folly in the not distant future, and if we ever get into the war they will know it will be the greatest folly and the greatest undertaking the American people have ever attempted. Let us keep America out of war.

Referring to the last paragraph of your letter, where you say: "You fellows sure talk and talk and talk, but do nothing effective. It is sickening" let me say that I have been talking for ten years against waste and extravagance going on by this government and I have not been able to accomplish a thing because I am in such a minority. Now let me say to you as the editor of "The Broom", you talk and talk and talk in California and send Congressmen to Washington that will vote for the things that are best for America in order that we maintain our form of government under our Constitution. The only way to do that is to elect Congressmen who are not rubber stamps and who will not vote for anything this Administration wants, regardless what.

I hope you will take this in the spirit it is written with the idea of trying to keep this country from going into a dictatorship.

Very respectfully,
ROBERT F. RICH.

Our Oath of Allegiance

Hon. Robt. F. Rich
House of Representatives,
Washington, D. C.

Dear Sir:

I wish to express to you my appreciation of your lengthy and prompt reply to my letter: re, impeachment of Franklin Delano Roosevelt.

Let me impress upon you, at the outset, that as a dyed in the wool individualist, I do, at no time, propose to dictate to you, or anybody else, what you ought to be doing. You are responsible only to your God and your conscience, not to me.

But since you are using language, are setting forth certain claims, are entering into contracts with us, I propose to work out the logical conclusion of those claims and contracts and am calling your attention to same. It is for you to decide how far you are recognizing the truth of my logic and your obligation to put into action the thought expressed by that truth, in order to live up to your contracts and obligations, some of which you have contracted in the invocation of God's Presence, as your witness. Having made my position clear, I hope that you will overlook any shortcomings I may fall prey to, in the heat of the argument, and chalk them up to human frailty, inspite of good intentions.

I also, am no lawyer, but a freelance editor of a small weekly with 1850 circulation, making up in quality for the lack of quantity, but we do not worry about circulation, it is increasing weekly, because few dare stand with the truth to its final conclusion, and the people are hungering now for the truth more than ever in America.

The foundation of my arguments of impeaching not only the President, but every office holder who has subverted his office in violation of the Constitution and the laws of the U. S. A., is based upon the full and realistic meaning of that oath of office and allegiance. As a Christian, an oath means to me that I confess my FAITH in God's Presence, here and now, and in the effectivenes of HIS HELP to keep that oath. In other words, The people of the U. S. A. are making a contract with me on the basis of GOD'S ability to make that contract effective in practice, as long as the contracting parties scrupulously DO THEIR PART.

This view of the purpose, meaning and operation of an oath as a tripartite contract, might be new to you and many people, but that is what it is, a covenant, otherwise it has no meaning and is more "Oratory" even if the President indulges in its repetition, again and again, term after term. You can see from it that we either deal with GOD as the SUPREME and fundamental Reality, not a fiction,—or else it has no meaning other than that implied by the President who uses it as a formality to take over the pelf and power of the office.

You expressed yourself in the House as favorable to impeachment and removal of the men who violate the constitution, but in your letter to me, you modify it by saying it would be a foolhardy task to attempt to impeach the President.

I bring you face to face with the REALTY of YOUR oath. With the help of GOD, it has become your obligation to have FAITH in the contracting American people, who are a party to your contract, that they, too, would stand by their obligation, millions of them having taken the oath of allegiance, as you did.

This now explains the whole matter and gives you directions where to look for HELP. George Washington did not count Rothschild's Hessians who were hired by the King of England to fight the Free Germans in Washington's regiment, to whom G. W. gave orders in German. G. W. went down on his knees in the snow and placed his FAITH in God and his colonials, even though the majority of the American people with their Tory leaders were against him. Monroe did not count the small number of his 6000 soldier army when he declared the Monroe doctrine.

So that is the whole thing in a nutshell. As soldiers in GOD'S army to protect the republic against enemies from within, as well as without, why count the odds against us, which are only temporary, instead of counting the odds against THEM, which are permanent, because GOD, the truth and the principles upon which this republic are founded are not transient, but are lasting, they are rooted in GOD'S own Providence.

My dear Mr. Rich: whenever you stand upon your oath as faithfully as Jesus stood upon His teachings when He preferred Golgatha to yielding to the leaders of the Sanhredin, to wage war on Rome, you will find that God and you are in the majority, even though for a while you may be railroaded and stepped upon. Time passes fast and what America needs today is men and women who will stand upon their oath, place their faith in the LORD to do HIS part as they furnish the FAITH through the proper actions by which they can glorify Him, instead of Satan, defeatism, treachery, step by step into the cauldrons of war.

There is nothing more a man can tell you. "If you want wisdom, ask of God", said the Savior.

Most sincerely, yours
C. LEON de ARYAN.

U. S. JEWISH LEADERS HAIL COMMUNIST BRETHREN

NEW YORK,—Nearly 200 prominent American Jewish writers, artists, scholars and scientists issued a message of encouragement to their brethren in Soviet Russia, pledging aid in the fight against Hitler and Nazism.

Jews Want to Extend the War

Addressing the Jews of Russia particularly, and the peoples in the Soviet Union, the message, which was sent to Europe over short-wave radio, declared in part:

"The Jews of America, jointly with all decent Americans, are waging the fight against Hitlerism with all their might and are determined to **intensify and extend** this fight. American Jewry is prepared to make the greatest sacrifices in order to help the Soviet Union and its Allies destroy the enemy of mankind and of the Jewish people, and wipe the last trace of Hitlerism and Fascism from the face of the earth."
